

New Austrian BB6 Pistol

BB TECHS GMBH

We are happy to introduce the BB6 to our partner.

Serial production started and products in stock.
BB6 - a box full of features!

You are not ordering a pistol in a black box - you get a box with a pistol and a lot of features!

Manual Safety. The additional manual safety is arranged like a lever in the trigger guard and can be operated from both sides of the weapon.

Safety ON/OFF Position. In SAF T ON state, the lever is in its upper (picture 9) position, and in SAF T OFF state, is it its lower position (picture 10).

Preferably move the lever using the thumb or index finger of one of your hands.

The safety can only be activated when the trigger system is locked!

Clip on Adapter for red dot sights like Doctor,....

Magazine 15 rounds & 18 rounds

Changeable grip
